Company Overview

CodeLynx, founded in 2003 as a woman-owned small business (WOSB), is headquartered in North Charleston, SC. In addition to being an active member of the local community, our rapidly growing technology firm has been successfully serving government, business, and nonprofit clients in our two specialty areas: Software Engineering (SWE) and Electronic Security Systems Integration (ESS). Our staff of over 50 people work with both teams to implement Quality Control, Life Cycle, and Project Management functions.
